Perseverance Pays Off for Loraine

I have applied for over 150 jobs in the last two months. The first call back I got, I was so excited!!! Then they told me I couldn't work for them because of visual tattoos. I was devastated because I just knew that my job search was over. After hanging up, I went outside and beat myself up for getting those tattoos. I never realized how much they would affect my future. I was so discouraged thinking I'd never find work.

The staff at Martha's Home never let me give up and encouraged me to keep trying. Finally, I found work at Catherine's clothing store. Praise God!

Staying here at Martha's Home has inspired me to become an upstanding member of society. For the first time I feel accepted in life, while living on life's terms. I have great respect for Martha's Home for the help and direction I am receiving. I am so thankful to the staff for believing in me while I entered the home broken and exhausted.

Thank you to all who have been involved building me up. Knowing there are people I can go to for help and that I don't have to face my fears alone is a tremendous relief. I finally feel like I can accomplish my goals and become successful in a life.

DAY OF THUNDER CAR SHOW - APRIL 25, 2015

by Gary Fields, High Plains Thunderbird

Since 2002 High Plains Thunderbirds have sponsored an annual car show welcoming all car owners in the Panhandle area to participate. We have donated the proceeds from twelve of thirteen shows to the support of Martha's Home. This came about as one of our members, June Higgs, had served on the board of Martha's Home and was aware of their need of financial support from the Amarillo community. To date the Thunderbirds have donated \$30,360 to the support of Martha's Home. Many members also attend the Second Chance Prom, an annual fund raising event sponsored by Martha's Home. Our years of relationship with Martha's Home have been a blessing to all of us as we see how our efforts have helped so many women to better their lives.
